

Accuracy of Annual Report 2007 and legality of transactions of the Office of the Chancellor of Justice

Report of the National Audit Office to the Riigikogu; Tallinn, 2 June 2008

Assessment made by the National Audit Office of accuracy of Annual Report 2007 and legality of transactions

The Annual Report is accurate in all material respects.

The Annual Report of the Office of the Chancellor of Justice, which shows cash costs of 23,487,589 kroons, return before settlements with the state budget of -23,395,096 kroons, and as of 31 December 2007 balance sheet volume of 128,926 kroons for 2007, gives a true view of the financial status, cash costs, and performance result of the institution with regard to the accounting period in all material respects.

The transactions are legal.

The most important economic transactions subject to the audit were made in compliance with the State Budget Act, the 2007 State Budget Act and the State 2007 Supplementary Budget Act.
