

Opinion on the Annual Accounts 2016 and the regularity of the transactions of the Ministry of Economic Affairs and Communications

Summary of audit results

What did we audit?

The State Budget Act requires the NAO to audit the accuracy of the annual accounts and the regularity of transactions of the state on an annual basis. The annual accounts of the state consolidate the financial statements - that recognise the effected economic transactions - of all state accounting entities, state-controlled companies, state-established foundations, and the state-owned commercial body.

The audit of the annual accounts and the regularity of transactions of the Ministry of Economic Affairs and Communications is part of the audit of the accuracy of the annual accounts and the regularity of transactions of the state. To provide an opinion on the accuracy of the annual accounts and the regularity of transactions of the state, the NAO conducted audit operations in the Ministry of Economic Affairs and Communications to determine:

- whether the financial statement items that are relevant for the annual accounts of the state are accurately recognised in the financial statement of the Ministry; and
- whether the 2016 budget implementation report is accurate; and
- whether the economic transactions carried out in 2016 comply with the State Budget Acts and the Public Procurement Act, and to a limited extent, to the State Assets Act.

What did we conclude as a result of the audit?

The NAO does not provided an opinion on the item “Shareholdings in public sector and associated undertakings” - amounting to 976,581,183 euros - on the balance sheet of the Ministry of Economic Affairs and Communications. The waiver of opinion is related to the valuation of investments in AS Eesti Raudtee, AS Nordic Aviation Group and OÜ Rail Baltic.

The NAO is of the opinion that, as at 31 December 2016, the other items in the financial statement of the Ministry of Economic Affairs and Communications have been recognised in accordance with the generally accepted accounting principles, incl. the public sector financial accounting and reporting guidelines

and the Accounting Act have been respected. It is the NAO’s opinion that the Ministry and the agencies it governs have recognised their transactions on the basis of complete and relevant information.

The NAO is of the opinion that the economic transactions of the Ministry of Economic Affairs and Communications have in all material respects been carried out in compliance with the State Budget Act, the 2016 State Budget Act and the 2016 State Budget Act Amendment Act.
